1. Scope and Application

1.1 This policy applies to:

Miss Daisy's Belgravia (Ofsted ID: EY2690683)

Miss Daisy's Brook Green (Ofsted ID: EY458477)

Miss Daisy's Chelsea (Ofsted ID: EY401950)

Miss Daisy's Hyde Park (Ofsted ID: EY2597851)

Miss Daisy's Knightsbridge (Ofsted ID: EY477460)

1.2 Under this policy all employees, including directors, apprentices, casual workers, whether on permanent or temporary contracts, are collectively referred to as '**staff**'.

1.3 This policy does not form part of any contract, and Miss Daisy's Nursery Schools may amend it at any time.

2. Policy Aims

2.1 Data protection is an important legal compliance issue for Miss Daisy's Nursery Schools. During the course of the Miss Daisy's Nursery Schools' activities it collects, stores and processes personal data (sometimes sensitive in nature) about staff, children, their parents, its contractors and other third parties (in a manner more fully detailed in Miss Daisy's Nursery Schools' Privacy Notice). Miss Daisy's Nursery Schools, as data "controller," is liable for the actions of its staff in how they handle data. It is therefore an area where all staff have a part to play in ensuring we comply with and are mindful of our legal obligations, whether such personal data handling is sensitive or routine.

2.2 UK data protection law consists primarily of the UK version of the General Data Protection Regulation (the "UK GDPR") and the Data Protection Act 2018 ("DPA 2018").

2.3 Data protection law has in recent years strengthened the rights of individuals and placed tougher compliance obligations on organisations including schools and nurseries that handle personal information. The Information Commissioner's Office ("ICO") is responsible for enforcing data protection law in the UK and will typically look into individuals' complaints routinely and without cost, and has various powers to take action for breaches of the law.

3. Definitions

Key data protection terms used in this data protection policy are:

Controller – a person or body that determines the purpose and means of the processing of personal data, and who is legally responsible for how it is used. For example, Miss Daisy's Nursery Schools is a controller. An independent contractor who makes their own such decisions is also, separately, likely to be a controller.

Processor – an organisation that processes personal data on behalf of a controller, for example a payroll or IT provider or other supplier of services with whom personal data may be shared but who is not authorised to make any decisions about how it is used.

Personal data breach – a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data.

Personal information (or 'personal data'): any information relating to a living individual (a data subject) by which that individual may be identified by the controller. That is not simply a name but any form of identifier, digital or contextual, including unique ID numbers, initials, job titles or nicknames. Note that personal information will be created almost constantly in the ordinary course of work duties (such as in emails, notes of calls, and minutes of meetings). The definition includes expressions of opinion about the individual or any indication of Miss Daisy's Nursery Schools', or any person's intentions towards that individual.

Processing – virtually anything done with personal data, including obtaining or collecting it, structuring it, analysing it, storing it, sharing it internally or with third parties (including making it available to be viewed electronically or otherwise), altering it or deleting it.

Special categories of personal data – data relating to racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, health and medical conditions, sex life or sexual orientation, genetic or biometric data used to identify an individual. There are also separate rules for the processing of personal data relating to criminal convictions and offences.

4. Application of this Policy

- 4.1 This policy sets out the Miss Daisy's Nursery Schools' expectations and procedures with respect to processing any personal data we collect from data subjects (including parents, children, employees, contractors and third parties).
- 4.2 Those who handle personal data as employees of Miss Daisy's Nursery Schools are obliged to comply with this policy when doing so. For employees, breaches of this policy may result in disciplinary action. Accidental breaches of the law or this policy in handling personal data will happen from time to time, for example by human error, and will not always be treated as a disciplinary issue. However, failure to report breaches that pose significant risks to Miss Daisy's Nursery Schools or individuals will be considered a serious matter.

- 4.3 In addition, this policy represents the standard of compliance expected of those who handle Miss Daisy's Nursery Schools' personal data as contractors, whether they are acting as 'processors' on Miss Daisy's Nursery Schools' behalf (in which case they will be subject to binding contractual terms) or as controllers responsible for handling such personal data in their own right.
- 4.4 Where Miss Daisy's Nursery Schools shares personal data with third party controllers – which may range from other nurseries, to parents and appropriate authorities – each party will need a lawful basis to process that personal data, and will be expected to do so lawfully and with due regard to security and confidentiality, as set out in this policy.
- 4.5 If you are a volunteer or contractor, you will be a data controller in your own right, but the same legal regime and best practice standards set out in this policy will apply to you by law.

5. Person responsible for Data Protection at Miss Daisy's Nursery Schools

- 5.1 Miss Daisy's Nursery Schools has appointed Natalie Atkins as the Data Protection Lead who will endeavour to ensure that all personal data is processed in compliance with this policy and the principles of applicable data protection legislation. Any questions about the operation of this policy or any concerns that the policy has not been followed should be referred in the first instance to the Data Protection Lead.

6. The Principles

- 6.1 The UK GDPR sets out six principles relating to the processing of personal data which must be adhered to by controllers (and processors). These require that personal data must be:
- 6.1.1 Processed **lawfully, fairly** and in a **transparent** manner;
 - 6.1.2 Collected for **specific and explicit purposes** and only for the purposes it was collected for;
 - 6.1.3 **Relevant** and **limited** to what is necessary for the purposes it is processed;
 - 6.1.4 **Accurate** and kept **up to date**;
 - 6.1.5 **Kept for no longer than is necessary** for the purposes for which it is processed; and
 - 6.1.6 Processed in a manner that ensures **appropriate security** of the personal data.
- 6.2 The UK GDPR's broader 'accountability' principle also requires that Miss Daisy's Nursery Schools not only processes personal data in a fair and legal manner but that we are also able to *demonstrate* that our processing is lawful. This involves, among other things:

- 6.2.1 keeping records of our data processing activities, including by way of logs and policies;
- 6.2.2 documenting significant decisions and assessments about how we use personal data (including via formal risk assessment documents called Data Protection Impact Assessments (“DPIA”)); and
- 6.2.3 generally having an 'audit trail' vis-à-vis data protection and privacy matters, including for example when and how our Privacy Notice(s) were updated; when staff training was undertaken; how and when any data protection consents were collected from individuals; how personal data breaches were dealt with, whether or not reported (and to whom), etc.

7. Lawful Grounds for Data Processing

- 7.1 Under the UK GDPR there are several different lawful grounds for processing personal data. One of these is consent. However, given the relatively high bar of what constitutes consent under the UK GDPR (and the fact that it can be withdrawn by the data subject) it is considered preferable for Miss Daisy’s Nursery Schools to rely on another lawful ground where possible.
- 7.2 One of these alternative grounds is 'legitimate interests', which is the most flexible basis for processing. However, it does require transparency and a balancing assessment between the rights of the individual and the interests of Miss Daisy’s Nursery Schools. It can be challenged by data subjects and also means Miss Daisy’s Nursery Schools is taking on extra responsibility for considering and protecting people’s rights and interests. Miss Daisy’s Nursery Schools' legitimate interests are set out in its Privacy Notice, as the UK GDPR requires.
- 7.3 Other lawful grounds include:
 - 7.3.1 compliance with a legal obligation, including in connection with employment, engagement of services and diversity;
 - 7.3.2 contractual necessity, e.g. to perform a contract with staff or parents, or the engagement of contractors;
 - 7.3.3 a narrower set of grounds for processing special categories of personal data (such as health information), which includes explicit consent, emergencies, and specific public interest grounds.

8. Headline Responsibilities of All Staff

8.1 Record-Keeping

It is important that personal data held by Miss Daisy’s Nursery Schools is accurate, fair and adequate. Staff are required to inform Miss Daisy’s Nursery Schools if they believe that *any* personal data is inaccurate or untrue or if

they are dissatisfied with how it is recorded. This applies to how staff record their own data, and the personal data of others – in particular colleagues, children and their parents – in a way that is professional and appropriate.

Staff should be aware of the rights set out below, whereby any individuals about whom they record information on nursery business (notably in emails and notes) digitally or in hard copy files may have the right to see that information. This absolutely must not discourage staff from making necessary and sometimes difficult records of incidents or conversations involving colleagues or children and parents, in accordance with the Miss Daisy's Nursery Schools' other policies, and ground may sometimes exist to withhold this information from such requests. However, the starting position for staff is to **record every document or email in a form they would be prepared to stand by should the person about whom it was recorded ask to see it.**

8.2 Data Handling

All staff have a responsibility to handle the personal data which they come into contact with fairly, lawfully, responsibly and securely and in accordance with all relevant policies and procedures (to the extent applicable to them). In particular, there are data protection implications across a number of areas of the Miss Daisy's Nursery Schools' wider responsibilities such as safeguarding and IT security, so all staff should read and comply with the following policies:

- Safeguarding and Child Protection
- IT Acceptable Use
- Personal Devices and Social Medias

Responsible processing also extends to the creation and generation of new personal data / records, as above, which should always be done fairly, lawfully, responsibly and securely.

8.3 Avoiding, Mitigating and Reporting Data Breaches

One of the key obligations contained in the UK GDPR is on reporting personal data breaches. Controllers must report certain types of personal data breach (those which risk an impact to individuals) to the ICO within 72 hours.

In addition, controllers must notify individuals affected if the breach is likely to result in a "high risk" to their rights and freedoms. In any event, Miss Daisy's Nursery Schools must keep a record of any personal data breaches, regardless of whether we need to notify the ICO. If staff become aware of a personal data breach, they must notify Natalie Atkins. If staff are in any doubt as to whether to report something internally, it is always best to do so. A personal data breach may be serious, or it may be minor; and it may involve fault or not; but Miss Daisy's Nursery Schools always needs to know about them to make a decision.

As stated above, Miss Daisy's Nursery Schools may not need to treat the incident itself as a disciplinary matter – but a failure to report could result in significant exposure for Miss Daisy's Nursery Schools, and for those affected, and could be a serious disciplinary matter whether under this policy or the applicable staff member's contract.

8.4 **Care and Data Security**

More generally, we require all staff (and expect all our contractors) to remain mindful of the data protection principles (see section 3 above), and to use their best efforts to comply with those principles whenever they process personal information. Data security is not simply an online or digital issue but one that affects daily processes: filing and sending correspondence, notably hard copy documents. Data handlers should always consider what the most assured and secure means of delivery is, and what the consequences would be of loss or unauthorised access.

We expect all those with management / leadership responsibilities to be particular champions of these principles and to oversee the swift reporting of any concerns about how personal information is used by Miss Daisy's Nursery Schools to Natalie Atkins, and to identify the need for (and implement) regular staff training. Staff must attend any training we require them to.

8.5 **Use of Third-Party Platforms / Suppliers**

As noted above, where a third party is processing personal data on Miss Daisy's Nursery Schools' behalf it is likely to be a data 'processor', and this engagement must be subject to appropriate due diligence and contractual arrangements (as required by the UK GDPR). It may also be necessary to complete a DPIA before proceeding – particularly if the platform or software involves any sort of novel or high-risk form of processing (including any use of artificial intelligence ("AI") technology). Any request to engage a third-party supplier should be referred to the Principal/NI and to the Head of Safeguarding and Compliance in the first instance, and at as early a stage as possible.

9. **Rights of Individuals**

9.1 In addition to Miss Daisy's Nursery Schools' responsibilities when processing personal data, individuals have certain specific rights, perhaps most significantly that of access to their personal data held by a controller (i.e. Miss Daisy's Nursery Schools). This is known as the 'subject access right' (or the right to make 'subject access requests'). Such a request must be dealt with promptly and does not need any formality, nor to refer to the correct legislation. If you become aware of a subject access request (or indeed any communication from an individual about their personal data), you must inform Principal/NI also to the Head of Safeguarding and Compliance who will then liaise with Hannah Body as soon as possible.

9.2 Individuals also have legal rights to:

- 9.2.1 require us to correct the personal data we hold about them if it is inaccurate;
 - 9.2.2 request that we erase their personal data (in certain circumstances);
 - 9.2.3 request that we restrict our data processing activities (in certain circumstances);
 - 9.2.4 receive from us the personal data we hold about them for the purpose of transmitting it in a commonly used format to another data controller; and
 - 9.2.5 object, on grounds relating to their particular situation, to any of our particular processing activities where the individual feels this has a disproportionate impact on them.
- 9.3 None of the above rights for individuals are unqualified and exceptions may well apply. However, certain rights are absolute and must be respected, specifically the right to:
- 9.3.1 object to automated individual decision-making, including profiling (i.e. where a significant decision is made about the individual without human intervention);
 - 9.3.2 object to direct marketing; and
 - 9.3.3 withdraw one's consent where we are relying on it for processing their personal data (without affecting the lawfulness of processing carried out prior to that point in reliance on consent, or of any processing carried out on some other legal basis other than consent).
- 9.4 In any event, however, if you receive a request from an individual who is purporting to exercise one or more of their data protection rights, you must tell the Principal/NI and Head of Safeguarding and Compliance as soon as possible.

10. Data Security: Online and Digital

- 10.1 Miss Daisy's Nursery Schools must ensure that appropriate security measures are taken against unlawful or unauthorised processing of personal data, and against the accidental loss of, or damage to, personal data:
- 10.1.1 No member of staff is permitted to remove personal data from Miss Daisy's Nursery Schools, whether in paper or electronic form and wherever stored, without the prior consent of the Head of Nursery.
 - 10.1.2 No member of staff should provide personal data of children or parents to third parties, including a volunteer or contractor, unless there is a lawful reason to do so.

- 10.1.3 Where staff are permitted to take data offsite on memory sticks or personal devices it will need to be encrypted.
- 10.1.4 Use of personal email accounts or personal devices by staff for official Miss Daisy's Nursery Schools business is not permitted.

11. Processing of Financial / Credit Card Data

Miss Daisy's Nursery Schools complies with the requirements of the PCI Data Security Standard ("PCI DSS"). Staff who are required to process credit card data must ensure that they are aware of and comply with the most up-to-date PCI DSS requirements. If you are unsure in this regard, please seek further guidance from the Head of Safeguarding and Compliance. Other categories of financial information, including bank details and salary, or information commonly used in identity theft (such as National Insurance Numbers or passport details) may not be treated as legally sensitive but can have a material impact on individuals and should be handled according
